16 February 56

MEMORANDUM FOR: Project Director of Administration

SUBJECT : [] Survey Trip Membership

REFERENCE : Memorandum for Project Director, from Director of Administration, same subject, dated 9 February 1956 (SAPC 3793)

In general I am in agreement with your suggestions in the referenced memorandum. As to timing, I believe we will not know until [] returns whether we will be ready to send people out as early as 25 February. Certainly it would be impracticable for them to depart any sooner. As to composition, I doubt if any Security Officer need go on the initial trip since the urgent business in [] will certainly be to get construction started and arrangements for billets underway. I suspect, therefore, that the "team" may well turn out to be one individual from Administration.

RICHARD M. BISSELL, JR.
Project Director
